INSTRUCTIONS

PLAYING WITH SURVIVOR: THE TRIBE HAS SPOKEN?

STOP READING!! See the back of the Survival Guide if you want to combine **Survivor: The Tribe Has Spoken** with your copy of **Survivor: Let's Go To Rocks**!

GOAL

Compete in Challenges against all the other players, and survive!

SETUP

- 1 Each player chooses a color and the **2 Survivor Character Cards** of that color. Place these **face up** in front of you.

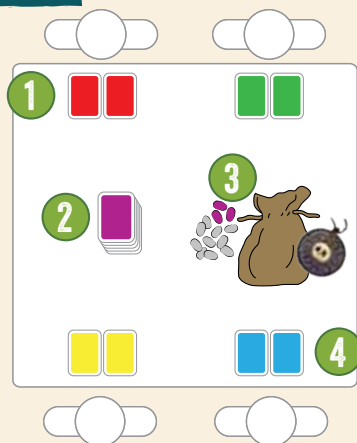

- 2 Shuffle the **15 Purple Challenge Cards** and place them **face down** in a pile on the table.

Remove the 5 Orange Challenge Cards (they are only used when you combine this game with **Survivor: The Tribe Has Spoken**).

- 3 Put the **10 Grey Rocks**, **3 Purple Rocks**, **Bag**, and the **Immunity Idol Necklace** on the table next to the Challenge Cards.

- 4 Pick a player to go first.

STARTING A GAME

If you're the first player, flip the top Challenge Card **face up**. To learn how to play each Challenge, including what you'll need and how to win, see the **Survival Guide**.

WINNING THE CHALLENGE

If you win the Challenge, you get the Immunity Idol Necklace. This means you're safe, and **YOU** get to decide who's voted out by choosing a player to flip one of their remaining Survivor Character Cards **face down**.

The Immunity Idol Necklace **DOESN'T** protect you during the next Challenge, and if you lose the next Challenge you'll lose the Immunity Idol Necklace and hand it to the winner!

STARTING THE NEXT CHALLENGE

The winner of the previous Challenge flips the top Challenge Card **face up** to start the next Challenge.

ELIMINATION

When **both** of your Survivor Character Cards have been flipped **face down**, you're eliminated from the game.

If you've been eliminated you can still play in each Challenge. You can't win the game, but you **can** win Challenges (and vote out other players!)

WINNING

If you're the only player left with at least one Survivor Character Card face up, you win!
